

HIGH PURITY WATER SYSTEMS SERVICES

Water Testing and Maintenance Services

Ensuring water purity essential
for your application.

Testing to industry standards.

TSS Supports Critical Water Systems in Life Sciences & Healthcare

BENCHTOP SYSTEMS

- Biological applications
- Buffer, culture media, reagent preparation
- Glassware rinsing, water baths, autoclaves

HIGH-FLOW SYSTEMS

- Clinical analyzers
- Dishwashers
- Weathering chambers
- Distribution & instrument feed

WATER FOR INJECTION & PURE WATER SYSTEMS

- Biopharmaceutical
- Medical device
- Personal care

TESTING & MAINTENANCE SERVICES

TESTING

On-site or in TSS' Accredited Labs

- Bioburden*
- Conductivity/ Resistivity
- TOC
- Endotoxin
- Nitrate**
- pH**

*lab testing only
**on-site only

SAMPLING

To suit your needs

- Full service, on-site TSS technicians perform sampling & testing
- Convenient, cost-effective self-service sampling kits for lab testing

PREVENTATIVE MAINTENANCE

Keep your system running

- Pretreatment filters
- UV lamps
- Polishers & filters
- System & tank sanitation

A COMPANY YOU CAN TRUST

PROVEN QUALITY

ISO 9001 & 17025 ACCREDITED

DEDICATED METROLOGY AND QA TEAMS

IN-HOUSE TRAINING FACILITIES FOR TECH CERTIFICATION

UNMATCHED CAPABILITIES

NATIONWIDE PROVIDER

100+ KNOWLEDGEABLE & EXPERIENCED TECHNICIANS

VALIDATED SYSTEM FOR REPORT GENERATION & AUDIT TRAIL

PROTOCOLS FOR 100+ OEMS 1000+ MODELS

INDUSTRY LEADING EXPERTISE

WFI VALIDATION

TRUSTED IN THE INDUSTRY FOR 50+ YEARS

REGULATORY EXPERTISE: FDA, ISO & GXP
